

NUCLear Exotic structures And Related phenomena (NUCLEAR2025)

Tuesday 23 September 2025

Lectures: Morning section on 9/23 - X1-5-B5009 - HIRG conference room (09:00 - 10:00)

-Conveners: Simin Wang

time	[id] title	presenter
09:00	[50] BEC-like structures in light nuclei	YE, Yanlin
09:30	[51] Probing nuclear structure with high-precision laser spectroscopy	YANG, Xiaofei

Lectures: Morning section on 9/23 - X1-5-B5009 - HIRG conference room (10:30 - 12:00)

-Conveners: Yanlin Ye

time	[id] title	presenter
10:30	[53] Correlations and fluctuations in heavy-ion collisions within antisymmetrized molecular dynamics	ONO, Akira
11:00	[54] Machine learning across nuclear structure and dynamics	GODBEY, Kyle
11:30	[55] Nuclear responses against two-body external fields studied within a subtracted second RPA	MINATO, Futoshi
